

## **Weed Management Resources 10/2/25**

### **Soil and Water Conservation Districts**

- Clackamas Soil and Water Conservation District <https://conservationdistrict.org/>
- East Multnomah Soil and Water Conservation District <https://emswcd.org/>
- Multnomah Soil and Water Conservation District <https://wmswcd.org/>
- Tualatin Soil and Water Conservation District <https://tualatinswcd.org/>
- 4-County Cooperative Weed Management Area <https://4countycwma.org>  
The 4-County Cooperative Weed Management Area (CWMA) is a partnership of organizations, agencies, and nonprofits dedicated to combating invasive weeds in Clackamas, Clark, Multnomah, and Washington counties.

### **Workshops/Webinars**

- East Multnomah Soil and Water Conservation District - Urban Weeds Workshops Upcoming and Recorded : <https://emswcd.org/in-your-yard/urban-weeds/>
- Metro Area Master Gardener Program Webinars  
[https://media.oregonstate.edu/playlist/dedicated/161357322/1\\_ip9jpp92/1\\_xm2dsonu](https://media.oregonstate.edu/playlist/dedicated/161357322/1_ip9jpp92/1_xm2dsonu)  
Collection of helpful webinars on wide range of gardening topics, including noxious weeds and urban weeds.
  - [New High Priority Noxious Weeds-How to ID](#)
  - [Urban Weeds](#)
- Tualatin Soil and Water Conservation District 2023 Weed Watchers Workshop:  
[https://www.youtube.com/watch?v=yzJzjC-\\_4uk](https://www.youtube.com/watch?v=yzJzjC-_4uk)
- Tualatin Soil and Water Conservation District YouTube Channel for a full list selection of recorded past webinars <https://www.youtube.com/channel/UCE8BC34wKOYu3-ZPwfNV1ww/featured>
- Western Washington University: Communicating about Pesticide Risk-Traci Buhl  
<https://vimeo.com/1072691792?share=copy#t=0>

### **Useful Websites**

- OSU SOLVE Pest Problems website <https://solvepestproblems.oregonstate.edu>  
A science-based pest management guide for homeowners, landscapers, and gardeners in the Pacific Northwest. Solve pest problems in and around your home and garden effectively and with lower risk.
- ODA Noxious Weed Control Program  
<https://www.oregon.gov/oda/weeds/pages/default.aspx>  
The ODA Noxious Weed Control Program offers resources to identify and control noxious weeds in the state of Oregon.

- PlayCleanGo [www.playcleango.org](http://www.playcleango.org) has good information and publicity materials about biosanitation (i.e., stopping the spread).
- [Portland Green Street Stewards Weed ID Guide](https://www.portland.gov/bes/green-street-stewards/documents/green-street-steward-weed-identification-guide/download) <https://www.portland.gov/bes/green-street-stewards/documents/green-street-steward-weed-identification-guide/download>  
Resource listing several common weeds found in urban gardens, photos at various stages of development to aid in plant id, best practices to control. Published in 2017 and not updated since, but still a very helpful resource for MGs and home gardeners.
- The Portland Plant List <https://www.portland.gov/bps/planning/environ-planning/documents/portland-plant-list/download>  
The Portland Plant List provides a user-friendly guide to plant species found in Portland and the metropolitan region. It is comprised of two lists and supporting information: the Native Plants List and the Nuisance Plants List. Both plant lists are integral to the City of Portland's natural resource protection programs and invasive species management strategy.

## Books

- Turner M, Gray S, [Weeds of the Pacific Northwest: 368 unwanted plants and how to control them](#). Timber Press, Inc., 2024.
